

Future-proofing humans in an AI world

→	→	→	→	→
<p>Tech is transforming how businesses succeed – but AI is only part of a bigger story</p>	<p>AI is already impacting how L&D teams work – in a variety of ways and often not strategically</p>	<p>Driving more content is counterproductive if you really want to shift behaviour</p>	<p>The smart move is to leverage technology to power human skills to the next level</p>	<p>To thrive, humans need to be even more human, with ourselves and with each other</p>
